

# THE LEARNING COLLECTION 2026

[tts-distributor.com](https://tts-distributor.com)

# A Message from our CEO

At TTS, our story begins as it always has, with a deep belief in the power of education. For over 40 years, we've worked side by side with educators to create learning environments that spark curiosity, inspire creativity, and support every child's journey.

From classrooms and nurseries in the UK to education settings in over 115 countries, our reach has grown, but our purpose remains the same: to give every child, every day, a reason to love learning.

It's this purpose which drives our approach to creating and sourcing quality educational resources that are

designed with children at its core, both in safety and quality, and also strong enough to withstand daily use in a classroom and learning outdoors.

We're proud to be part of the wider RM Group, a business with a shared vision: to improve educational outcomes around the world. Through innovative resources, trusted expertise, and a commitment to quality and service, we support more than 20 million learners globally. As the education landscape continues to evolve, we remain focused on listening, adapting, and partnering closely with those on the front lines of learning.

**Ian Mackinnon**  
Chief Executive Officer, TTS

## THE PROCESS

TTS have a strong legacy of working with leading experts, influencers, educators and academics. For over 30 years our Innovation Team have worked in partnership with hundreds of educators to come up with the most innovative and amazing new resource ideas.

These ideas can be sparked from just about anywhere and can come from not just our in-house experts, but from educators all over the world before going to our incredible Innovation Team to cultivate and develop.

# LEARNING THROUGH LIGHT

## CONTENTS

Glow Small World 6-7

Glow Messy Play 8-9

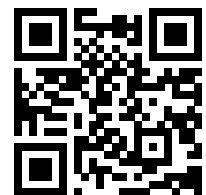

Glow Construction 10-14

Glow Physical Development 15-21

Glow Science & Exploring 22-28

Light captures our attention, and it is this natural pull that makes glow resources such a powerful tool for learning. From exploring concepts such as cause and effect to building essential physical and communication skills, these twinkling, glowing, captivating resources have the potential to support many aspects of a child's development. Children can use them within their play, as part of a sensory experience or we can create calming environments for regulation.

These resources spark curiosity in young minds, inviting them to discover and wonder. One of the most beautiful things about light is that it invites exploration. There is no right or wrong - only endless possibilities.

**1 TTS GLOW SMALL WORLD BUNDLE**  
EL46705

An illuminating small world play set featuring homes, trees, and figures.  
Suitable for age 10 months and up

**2 TTS SMALL WORLD GLOW HOUSES 2PK**  
EL11353 USA

A distinctive collection of glowing homes for engaging illuminated small world play.  
Suitable for 10 months and up

**3 TTS GLOW TREES 4PK**  
EL46410 USA

A set of trees that light up and can enhance and enrich small world scenarios and explorations.  
Suitable for age 10 months and up

**4 TTS SMALL WORLD GLOW PEOPLE 6PK**  
EL46409 USA

A vibrant collection of characters for imaginative exploration and introduction to early technology.  
Suitable for age 10 months and up

### 5 TTS REMOTE CONTROL LIGHT UP VEHICLE

Bring stories to life with a glowing vehicle that little hands can drive, steer, bringing stories to life while introducing early directional skills

Suitable for age 10 months and up

# SEND AND INCLUSIVE LEARNING ENVIRONMENTS

## CONTENTS

Sensory Spaces	140-155
Calming & Regulation	156-161
Feelings & Emotions	162-163
Fidgets & Chews	164-165
Supporting Communication	166-171
Supporting Concentration	172-173
Supporting Motor Skills	174-175
Supporting Handwriting	176-177

With the right support, environment and resources, we can help every child, including those with special educational needs, to reach their full potential and be ready and able to learn.

From resources for self-regulation and calming to those for organisation, concentration and meeting sensory needs, our innovative resources help educators to create inclusive environments where learning is accessible for all.

We are also proud to partner with the experts from the National Association for Special Educational Needs (nasen), with several of our resources being assured by their Quality Framework Programme.

### 1 TTS MINI POP-UP SENSORY POD WHITE SS47605

Our sensory projection pod provides an alternative environment to a sensory room. The den opens effortlessly with its sprung tension, removing the requirement for poles or ties, making setup quick and straightforward. H1 x W1 x D1m  
Suitable for age 10 months and up

2

### 2 TTS POP-UP SENSORY SPACE WHITE SD10060

A versatile and portable pop up sensory tent, perfect for creating a calming environment. Constructed from durable, fire-retardant material, this sensory space is wheelchair accessible and sets up in seconds. H142 x W142 x D142cm.  
Suitable for age 10 months and up

**3 TTS MINI POP-UP SENSORY POD BLACK**  
SD10393

A calming portable sensory space for children, easily set up anywhere. This sensory den is designed as a safe space for children overwhelmed by sensory input. It offers a calming area for relaxation and sensory exploration. H1 x W1 x L1m

Suitable for age 10 months and up

**4 TTS POP-UP SENSORY SPACE BLACK**  
SD10015

EY07486 32pk

### SENSORY EXPLORATION

Our senses are the way that we receive information from the world around us. We use them to explore, to communicate and to regulate our emotions. Through exploration and manipulation, the brain receives a huge amount of sensory input. So, offering children a range of resources that stimulate, calm and engage the senses in different ways is really important. From constructing with metallics and light up bricks to exploring the sounds and movements of a spinning top, children can be invited into learning or be helped to feel calmer, ready and able to learn.

**4 TTS PEBBLE COLLECTION BASKET 34PC EY10439**

A soft, large basket filled with assorted textured resources for sensory exploration. Engage children in a sensory journey with this set. Balance, stack, and explore resources of various shapes, textures and appearances.

2

### 1 RECHARGEABLE EASI-TIMER

AV46682 USA

Enhance focus with our easy-to-use rechargeable timer. The perfect visual aid for individuals or whole classes, clearly displays a colourful countdown and offers an optional audio reminder.

Suitable for age 3 years and up

### 2 TTS EASI-VIEW WIRELESS VISUALISER

IT10362

A wireless visualiser enabling high-quality image and video capture for educational use. Seamlessly connect and engage with interactive platforms via WiFi, offering 10.0MP digital images, video capture, and auto focus.

3

### 3 TTS EASI-VIEW VISUALISER

EL00460

Combines popular features in a visualiser designed for ease by teachers and children. A user-friendly visualiser designed to actively engage children, suitable for facilitating both teaching and learning.

Suitable for age 5 years and up

# COMMUNICATION AND LANGUAGE

## CONTENTS

Communication and  
Language

186-200

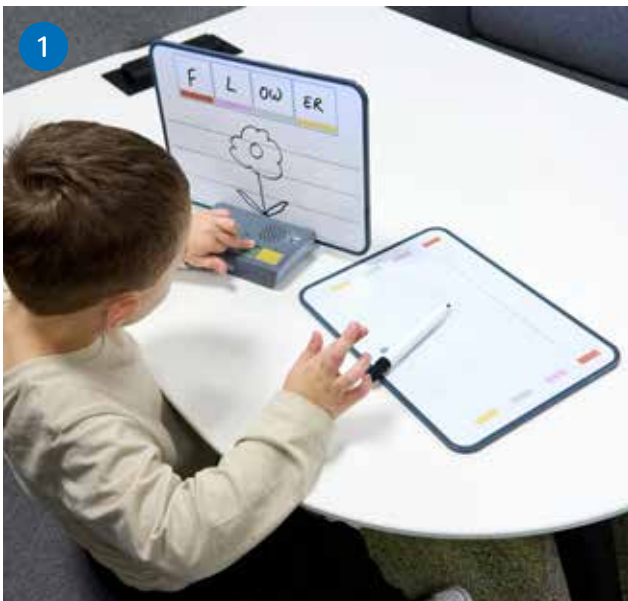

Communication and language skills sit at the heart of learning and relationships. Children make sense of their experiences through talk. As they interact, they explore ideas, ask questions and connect with others.

Using age-appropriate technology such as recordable devices, offer an inviting and inclusive way to support this journey. By capturing their words or listening to messages from others, children can experiment with and explore words and sounds, build important listening skills and hear their voice with a newfound clarity. These tools encourage confidence, support early storytelling and help children to express themselves, enabling them to become confident communicators.

Explore the TTS Distributor Hub for more information about many of our TTS Developed resources.

**NEW**

**1 RECORD-A-BOARD**

AV48263

Support learning across the curriculum with this double-sided dry wipe recordable board. The whiteboards sit in a recordable unit with four colour coded buttons, each offering a 30 second recording time.

**2 INTERACTIVE TALKING MAT**

AV46703 USA

Place cards, objects, or drawings in 30 pockets, each with a 30 second voice recording capability.

**3 INTERACTIVE TALKING MAT CONTENT CARDS**

AV48257

Set of 264 cards designed for use with the TTS interactive Talking Mat. Ideal for developing oracy skills and for prompting classroom discussions on a variety of topics. Brightly illustrated, the cards focus on a range of topics including food and drink, animals, flags of the world, home, transport, school and family and feelings.

#### 4 TTS RECORDABLE TALKING PANEL EL00153

A multi-use auditory and visual aid, perfect for creating personalised timetables, menus, a favourites board and much more. Holds six visuals, each with a 10-second recorded message.

Suitable for age 3 years and up

#### 5 TTS INTERACTIVE RECORDABLE WALL CHART IT10003

An interactive classroom wall chart with thirty recordable pockets designed for active learning. Each pocket can hold a 10 second recorded message.

Suitable for age 3 years and up

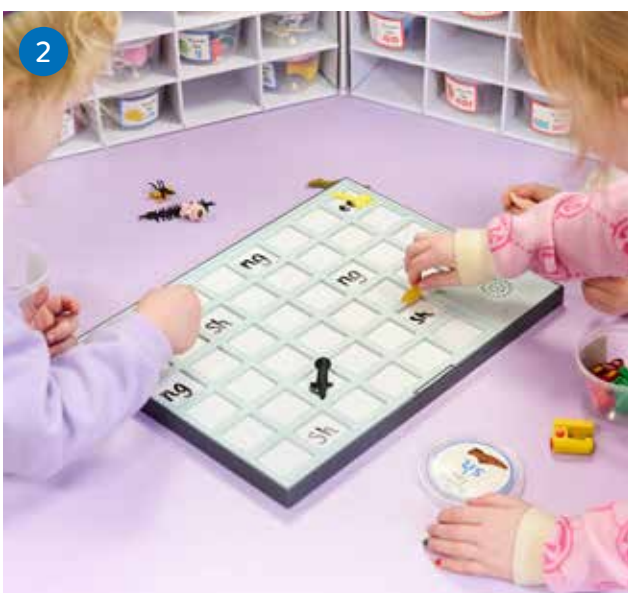

#### 6 TTS CHATTER BOARDS LI10193

Dry wipe recording tiles designed for easy and repeated use in educational settings. A 10 second message can be recorded on to each of the 44 tiles.

Suitable for 5 years and up

**1 CHATTER BOARD PRO**

AV46652 USA

An upgraded version of the popular Chatter Board, which includes a rechargeable battery and headphone socket. Ideal for use across the curriculum and to support SEND and EAL learners. 44 dry wipe tiles with a 10 second recording time each.

**2 A3 CHATTER BOARD PRO**

LT47761 USA

Support Oracy with an upgraded A3 Version of our popular resource - Chatter Board. Comes equipped with a rechargeable battery, headphone socket and has customisable 10 second recording tiles to suit a variety of speaking and listening activities across the curriculum.

**3 A3 CHATTERBOARD PRO ORACY INSERT 6PK**

LT48370

A set of inserts featuring popular themes to be used with the A3 Chatterboard Pro. Features popular themes such as Flags of the world, Home and Family, School, Transport and Travel, Food and Drink and Animals.

4

#### 4 A5 TALKING PHOTO ALBUM

EL00359

Merge literacy and ICT with this innovative talking book. Insert drawings or photos into the plastic wallets, and record a message on each button for up to ten-seconds, to accompany each page. It holds thirty inserts.

Suitable for age 4 years and up

5

#### 5 TTS A4 TALKING RECORDABLE PHOTO ALBUMS

EL00360

Ideal for creating talking time tables, stories or for additional learning support. Designed for visual learning, this resource features 15 double-sided voice-recordable pages of 10 seconds to support task comprehension and auditory learning.

Suitable for age 4 years and up

6

#### 6 TTS RAINBOW RECORDABLE TALKING PHOTO ALBUMS A5 6PK

EL00362

A blend of communication, language, literacy development and ICT in one resource.

Featuring six vibrant colours, each album has 15 double-sided pages for inserts and 30 buttons for recording messages.

Suitable for age 5 years and up

1

2

**1 TTS CLEVER TILES 10PK**

LI10003

Record, sequence and playback sounds, words or sentences with ease. Enables recording of up to 10 seconds per tile, with capabilities for both individual playback and sequenced soundscapes.

Suitable for 5 years and up.

**2 TALKING-POINT RECORDABLE BUTTONS 6PK**

EL00511

Battery-powered recordable buttons designed for recording and playback of sound. Each button records 10 seconds of sound.

Suitable for age 10 months and up

3

**3 TTS TALKING-POINT PREMIUM**

IT10232

A dual-function audio device with space for a 30 second recording. These rechargeable devices provide clear audio with two triggering options: a push button and a motion sensor.

Suitable for age 3 years and up

**4 PREMIUM RECORDABLE TALK-TIME® CARDS 3PK**

IT01150

High-quality audio recordable cards with a wipeable surface for versatile classroom use. Offers 60 seconds of recording, a magnetic back, and a writable surface with a lock feature to secure recordings.

Suitable for age 3 years and up

IT01150 A4

IT01154 A5

**5 TTS TALK-TIME A5 RECORDABLE SPEECH BUBBLE 3PK**

IT10105

Enhance speaking and listening activities with this innovative recordable speech bubble. Ideal for capturing 30-second messages, facts, or quotes, featuring a write on, wipe off surface for easy reuse.

Suitable for age 4 years and up

**6 TTS MINI TALK-TIME RECORDABLE CARDS 30 SECONDS 10PK**

ETTSML10

Enhance speaking and listening skills with these easy-to-use, 30 second recordable cards. Featuring self-adhesive clear pockets for visual cues, these cards are perfect for interactive exercises.

Suitable for age 4 years and up

1

2

**1 TTS LIGHT UP RECORDABLE DOMES 4PK**  
EL11346 USA

Set of 4 domes with press to light, colour changing and sound recording. Children of all ages will delight clicking and pressing these jewel like transparent domes to light them. Sound recording feature with 30 seconds of recording time.

Suitable for age 10 months and up

**2 TTS RECORDABLE TALKING PEGS 6PK**  
EY03326

Durable, easy-grip pegs with a 20 second recording function for versatile classroom activities.

Suitable for 3 years and up

**3 TTS SOUND LIGHTS 6PK**

LI10001

Illuminate learning with light-up recordable buttons designed to capture children's voices. Featuring a removable clear top, these recordable buttons allow for the insertion of various images or words to accompany 60-second recordings.

Suitable for 3 years and up

**4 TTS BIG-POINT RECORDABLE BUTTON 6PK**

EL00389

Enhances speaking and listening with a record and playback feature of 30 seconds. Features a removable clear top for customisation with pictures, symbols, numbers, or letters to match recordings.

Suitable for age 3 years and up

**5 TTS OUTDOOR RECORDABLE TALKING BIG POINTS 6PK**

EY04773

Recordable units, great for speaking and listening, suited for all weathers and ages. Featuring a 30-second recording time, they are wall mountable

Suitable for age 3 years and up

2

**1 TTS RECHARGEABLE  
MINI MOBILE PHONES 4PK**  
EY11835 USA

A set of four tactile, rechargeable miniature mobile phones designed for interactive communication. Features three touch-sensitive buttons, enabling children to initiate calls and learn about technology interaction naturally. Suitable for age 3 years and up

**2 TTS RECORDABLE TALKING FROGS 10PK**  
EL46408 USA

Ten delightful, recordable frogs that may be used in water, indoors, outdoors and in messy play, perfect for engaging learning activities with a focus on speaking and listening. Simply press a button and speak to record a 10 second message. Suitable for age 3 years and up

### 3 TTS RECORDABLE PLASTIC MAGNIFYING GLASSES 6PK

SC00553 USA

Explore in detail with these colourful, voice recorder magnifying glasses. Featuring dual lens magnification of 2x and 4x, these magnifying glasses allow young explorers to record up to 30 seconds and reflect on their findings.

Suitable for age 4 years and up

### 4 TTS RECORDABLE TALKING CLIPBOARD

EY05490

Combine mark making and communication with these innovative recordable clipboards with a 40 second recording time

Suitable for 3 years and up

EY05490      A5

EY05491      A4

### 5 TTS SEE AND SPEAK RECORDABLE BINOCULARS 6PK

SC00748

Facilitates observational learning with integrated voice recording and magnification. Ideal for educational assessments, featuring 4x magnification and 30-second voice recording capability.

Suitable for age 4 years and up

**1 TTS MINI COMMUNICATION MICROPHONES 5PK**  
EY07203

Enhance speaking and listening skills with these rechargeable Mini Microphones. Ideal for building children's confidence, they can record messages up to 40 seconds long and play them back, or explore the same recording with a fun voice changer function.  
Suitable for age 10 months and up

**2 TTS KITT THE LEARNING COMPANION**  
IT10363

Kitt empowers teachers to tailor educational experiences, fostering effective differentiation by personalising each device's resources. By connecting the resource to a computer through a USB cable or docking station, educators can easily transfer audio, video, and image files onto Kitt.  
Suitable for age 5 years and up

3

### 3 TTS EASI-SPEAK® BLUETOOTH SINGLE 1PK

IT10007

A versatile classroom tool, this Bluetooth-enabled voice recorder boosts speaking and listening skills. Designed to support communication, this voice recorder connects to tablets and speakers via Bluetooth, ideal for engaging group activities.

4

### 4 TTS EASI-SPEAK 2

IT10100

Easi-Speak is popular in primary classrooms for its ease of use. Easi-Speak 2, with 128 MB memory, records up to four hours of audio. Transferring recordings to a PC is straightforward via the USB connector. Suitable for age 3 years and up

5

### 5 EASI-SPEAK BLUETOOTH RAINBOW MICROPHONES 6PK

IT10093

A colourful set of Bluetooth microphones designed to enhance speaking and listening activities. Ideal for classroom management, these microphone shaped voice recorders, free children from PC constraints, with 4-hour memory, expandable via micro SD card. Transferring recordings to a PC is straightforward via the USB connector. Suitable for age 3 years and up

**1 TTS EASI-LISTENER 2 CD PLAYER**  
EL00381

Six-port CD player for uninterrupted group listening. Supports multiple formats and includes USB functionality  
Suitable for age 5 years and up

**2 TTS WIRELESS OUTDOOR**  
**BLUETOOTH SPEAKER**  
EY06926

A high-quality, showerproof Bluetooth speaker for clear audio in outdoor educational settings.  
Suitable from birth

### 3 EASI WIRELESS HEADSET

AV45184

Say goodbye to tangled wires with these robust bluetooth headphones, perfect for the classroom.

- Connect with Bluetooth
- Extended range of 20m
- Built-in microphone
- Replaceable ear cushions
- Long 8 hours battery life
- Rechargeable batteries

Suitable for age 5 years and up

### 4 TTS EASI-HEADPHONES®

AV45185

Robust headphones with replaceable parts, designed especially for schools.

- Connect with stereo audio lead
- Replaceable ear cushions
- Replaceable cables

Suitable for age 5 years and up

### 5 TTS USB COMPUTER HEADSET WITH MICROPHONE

AV46754

Adjustable classroom headphones with a built-in microphone, designed for educational use.

- Connect with USB cable
- Built-in microphone
- Replaceable ear cushions

Suitable for age 5 years and up

- This wireless audio system is designed specifically for engaging, group learning. Connect any device and stream audio to multiple headsets.
- ABC channel options - use the transmitter to switch between the 3 channels and talk to specific groups with ease.
- With a range of up to 30 metres, there is flexibility to use ClassCast inside and outside the classroom.
- Each headset is rechargeable, offering up to eight hours of use.
- Replaceable ear cushions and adjustable volume controls ensure maximum comfort and usability for each child.
- Perfect for small group interventions, providing targeted support for students.

### 1 CLASSCAST AUDIO BROADCASTING HEADPHONES 6PK

AV48439 USA

Engage your classroom wirelessly with ClassCast, transmitting audio to multiple headsets. This wireless audio system facilitates engaging group activities by transmitting audio. It includes six rechargeable headsets, each with an eight-hour battery life, and a transmitter with a six-hour battery life. ClassCast can broadcast to up to 30 headsets, allowing for extensive group activities and collaborative learning.

Children's programming experiences nurture logical thinking, resilience, and creativity, laying a strong foundation for future learning in an increasingly digital world.

The TTS range of programmable robots offers a hands-on way to develop essential skills of sequencing, problem-solving and computational thinking. Through independent exploration and engaging coding challenges, children learn to plan, predict and refine their ideas, building confidence with using technology.

Explore the TTS Distributor Hub for more information about many of our TTS Developed resources.

**1 TTS RECHARGEABLE STAGE 1 REMOTE CONTROL CLEVER CATS 4PK EY06338**

Introduce young learners to basic programming with this set of four remote control cats. Engage young children with these remote control cats that move, spin, and emit meows when stroked (can be turned off). Suitable for 10 months and up

**2 TTS RECHARGEABLE EASI-CARS 4PK EY11110**

A set of four Remote Control cars, perfect for exploring cause and effect and early programming. Explore and learn with these remote control cars, boasting contemporary colours, headlights, a coloured docking station, and easy-to-use remotes. Suitable for age 3 years and up

**3 TTS RUGGED RACERS 2 IT10021**

Brightly coloured remote control cars designed for durability and rugged play. Featuring four-button control for full directional movement, enhancing navigational skills and supporting learning. Suitable for age 3 years and up

#### 4 TTS EARLY TECHNOLOGY LIGHT UP GLOW AND GO BOT

EY10564 USA

A rechargeable, multi-sensory robot captivating young children with its illuminated journey. This robot features tactile, colourful controls that light up and emit sounds, enabling children to explore cause and effect. Children can create sequences up to a maximum of 10 steps.

Suitable for age 10 months and up

#### 5 TTS GLOW & GO BOT MIRROR SPOTS 10PK EY11865 USA

A set of ten durable 300gsm mirrored card spots designed to enhance sensory learning with light reflection, also great to use with the Glow and Go Bot.

Suitable for 4 years and up

1

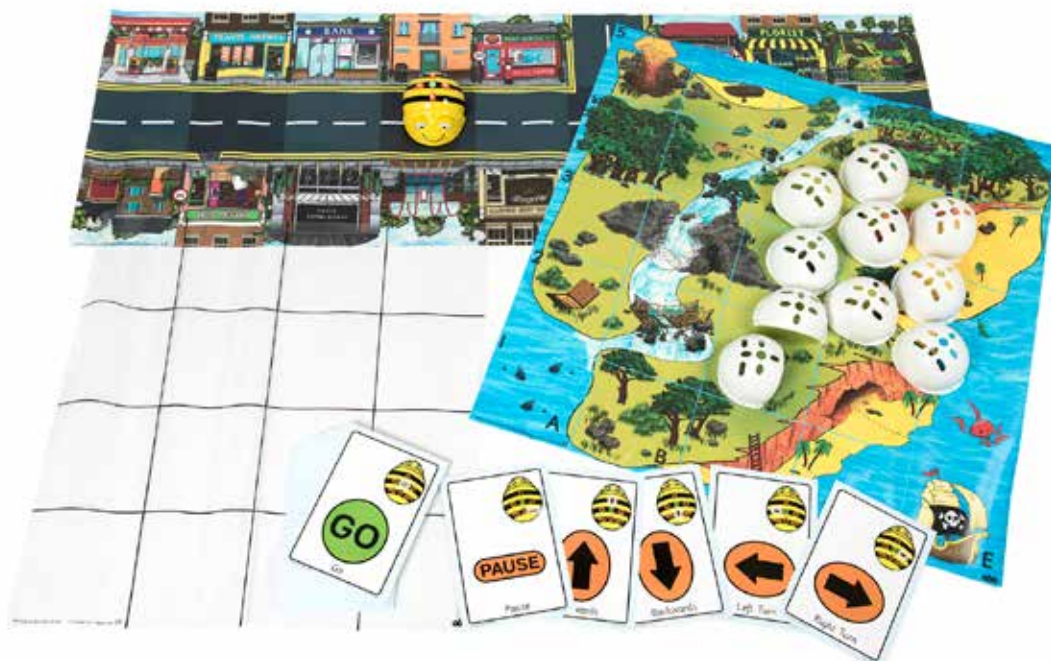

**1 BEE-BOT® PROGRAMMABLE FLOOR ROBOT**  
IT10380 USA

A perfect starting point for teaching control, directional language and programming. It has a 256-step memory and can interact with other Bee-Bots or Blue-Bots to enhance collaborative learning. With its ability to move accurately and turn precisely, it's an engaging way to teach logical reasoning.

2

3

## 2 TTS BEE-BOT® STARTER SET EL00399

Everything you need to hit the ground running with Bee-Bot! The TTS Bee-Bot Starter Set is an engaging introduction to the world of programming, tailor-made for young learners. It comes complete with a rechargeable Bee-Bot, Treasure Island and Busy Street Mats, transparent grids, sequence cards, and white clip-on shells. These components work together to offer a hands-on approach to learning basic coding concepts.

Suitable for age 4 years and up

## 3 TTS BEE-BOT PROGRAMMABLE FLOOR ROBOT 6PK

IT10079 USA

Bee-Bot's layout ideally introduces control, directional language, and programming in a straightforward manner. This set includes a USB rechargeable station for up to six Bee-Bots or Blue-Bots, ideal for educational settings.

1

### 1 TTS BLUE-BOT® BLUETOOTH PROGRAMMABLE FLOOR ROBOT

IT10381 USA

A programmable floor robot designed to introduce control and programming in an engaging way. With Bluetooth functionality, this robot offers control via tablets or PCs, enhancing interactive learning. It has a 256-step memory and can interact with other Bee-Bots or Blue-Bots to enhance collaborative learning.

## 2 TTS BLUE-BOT® AND MAT PACK EL00517

Guide Blue-Bots through adventures from forbidden swamps to hidden coves, igniting computational thinking and problem-solving. This pack includes six Blue-Bots, a rechargeable docking station, and three thematic mats: Farm, Treasure Island, and Fairytale, providing a comprehensive toolset for interactive learning experiences.

## 3 TTS BLUE-BOT® BLUETOOTH PROGRAMMABLE FLOOR ROBOT 6PK IT10080

This programmable floor robot introduces children to the world of coding and robotics in an interactive and engaging manner. With the capability to communicate with other Blue-Bots and Bee-Bots, it fosters teamwork and develops communication skills. Its transparent design allows children to peek inside, sparking curiosity about how technology works.

## 4 TTS BEE-BOT®/ BLUE-BOT® DOCKING STATION 2 IT10213 USA

A USB rechargeable station for up to six Bee-Bots or Blue-Bots, ideal for educational settings.

1

### 1 TTS BEE-BOT® TUNNELS

IT10116

Introduce a three-dimensional challenge to your Bee-Bot lessons with this set of tunnels. Featuring two square tunnels and a rectangular tunnel, this set facilitates intricate paths and obstacle designs on Bee-Bot mats.

2

### 2 TTS BEE-BOT® POCKET MAT

IT10125

Personalise your own mat by inserting your own pictures and drawings. Create your own cards to retell your favourite story or support any cross-curricular topics, guiding Bee-Bot through your custom world.

3

### 3 TTS BEE-BOT / BLUE-BOT HIVE STORAGE BAG

IT10294 USA

A durable storage solution for Bee-Bots and Blue-Bots, featuring robust materials and a secure zip.

4

### 4 TTS BEE-BOT® TRANSPARENT GRID MAT

ITSGRID USA

A clear 4 x 4 grid designed to enhance programming routes for Bee-Bot. Enables children to place the mat over existing carpets or design their own routes.

Suitable for age 4 years and up

#### 4 TTS BEE-BOT® PUSHER

IT10112 USA

Enhance Bee-Bot and Blue-Bot with clip-on pushers for interactive learning.

#### 6 TTS BEE-BOT® PEN HOLDERS 6PK

IT10114 USA

Transform Bee-Bot into a drawing robot with this innovative pen holder accessory.

#### 5 TTS BEE-BOT® OBSTACLE COURSE

IT10113 USA

Enhance programming lessons with the Bee-Bot Obstacle Course. This course provides 10 wall pieces, 6 doorways, and 2 arches, offering varied paths for Bee-Bot learning.

#### 7 TTS BEE-BOT® MODULAR ROAD 29PCS

IT10150

Create limitless paths for Bee-Bot or Blue-Bot with this modular road, fostering programming skills. Featuring 25 road pieces, this set allows children to construct diverse paths for programming and coding practice.

**1 BEE-BOT® WORLD MAP 6PK**  
GE00612

Explore our planet with the interactive Bee-Bot® world map, showcasing geographical highlight.  
Suitable for age 5 years and up

**2 TTS BEE-BOT® EUROPEAN MAP**  
GE00771

A vibrant educational map featuring key geographical locations with a grid for coordinate work.  
Suitable for age 5 years and up

**3 TTS BEE-BOT® TREASURE ISLAND MAT**  
ITSMAT1 USA

Ahoy there! Explore the island and hunt for treasure.  
Suitable for age 4 years and up

#### 4 TTS BEE-BOT® NUMBER LINE MAT FWALKN

A robust vinyl number track mat featuring numerals one to ten accompanied by fun illustrations.

Suitable for age 4 years and up

4

#### 5 TTS BEE-BOT® & BLUE-BOT® ALPHABET MAT

IT00853 USA

A dynamic resource for combining literacy with ICT skills.

Suitable for age 5 years and up

5

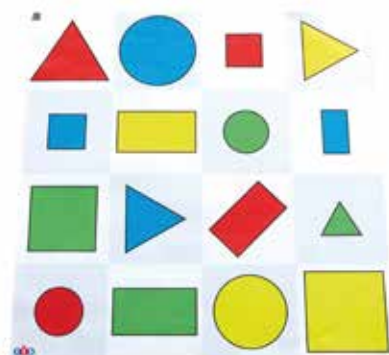

#### 6 TTS SHAPES, COLOUR AND SIZE MAT

IT00854 USA

A fantastic resource for integrating mathematics with ICT through Bee-Bot.

Suitable for age 4 years and up

6

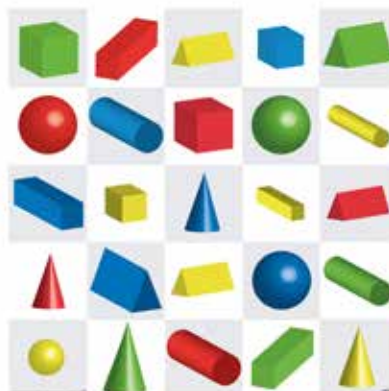

#### 7 TTS BEE-BOT® 3D SHAPES MAT

IT01075

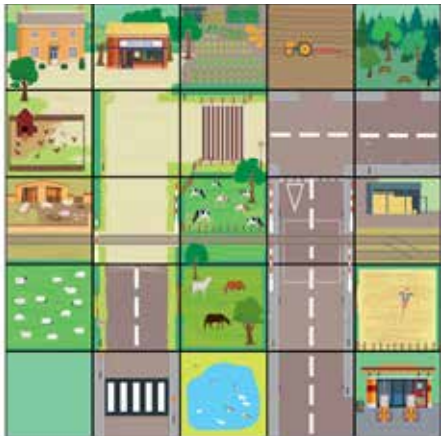

Designed for use with Bee-Bot and Blue-Bot, this mat helps children explore various 3D shapes interactively.

Suitable for age 3 years and up

7

1

**1 TTS BEE-BOT® COUNTRYSIDE MAT**IT10144 USA

Embark on a countryside adventure with Bee-Bot or Blue-Bot.

2

**2 TTS BEE-BOT® PEOPLE WHO HELP US MAT**IT10145 USA

Navigate Bee-Bot or Blue-Bot around the community with this engaging mat.

3

**3 TTS BEE BOT® SEASIDE MAT**

IT10148

Embark on a seaside adventure with Bee-bot, navigating through a vibrant town filled with landmarks.

4

**4 TTS BEE-BOT® TRANSPORT AND INDUSTRY MAT**IT10152 USA

Navigate Bee-Bot around the town to discover various transport and industry forms!

**5 TTS BEE-BOT® MARKETPLACE MAT**  
IT10154

Navigate the Bee-Bot across a vibrant marketplace to enhance coding and geographical skills.

**7 TTS BEE-BOT® FAIRY TALE MAT**  
IT10121 USA

An engaging activity mat that introduces children to control technology through beloved fairy tales.

**6 TTS BEE-BOT® FARMYARD MAT**  
IBFARM

Embark on a farmyard adventure with Bee-Bot and Blue-Bot using this vibrant farmyard mat. Suitable for age 4 years and up

**8 TTS BEE-BOT® BUSY STREET MAT**  
IT10131 USA

A versatile mat offering a range of activities to meet diverse learning objectives.

### 1 RUGGED ROBOT

IT10000 USA

The first programmable rugged robot from the TTS range, designed for outdoor use. Featuring Bluetooth functionality and a robust design, it is controllable manually or via tablet or the TTS TacTile Reader. With a memory of up to 256 steps and featuring an obstacle sensor for navigation around objects.

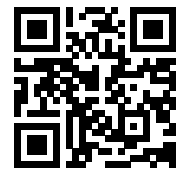

### 2 TTS RUGGED ROBOT DATA LOGGING BACKPACK

IT10342 USA

Enhance Rugged Robot with data logging capabilities for engaging scientific exploration. Enables logging of light, sound, and temperature data, compatible with PC, Mac, and Chromebook for easy data export.

# Loti-BOT

THE BLOCK-BASED PROGRAMMABLE ROBOT  
BRINGING CODING AND MATHS TOGETHER

ONLINE APP  
AVAILABLE!

### 3 LOTI-BOT IT10415

USA

Loti-Bot is a key member of our programming family building on the computational thinking and programming knowledge developed with Bee and Blue Bot. Loti introduces several new inputs and outputs that not only develops more advanced programming skills but creates a cross-curricular learning experience, in particular supporting maths learning. Accurate drawing capabilities allow key concepts such as geometry, measure, shape and space to be taught in a practical way, sensors which collect data allow for numerical analysis and the proximity and cliff edge explore spatial awareness. Directional language, co-ordinates and place value can all be explored through Loti's features.

Loti has **accurate drawing** capabilities enabling it to draw **complex 2D shapes**, and it can also be programmed in a **variety of units** of measure.

**Programmable, colour changing** LEDs provide **personalisation and engagement**.

Loti has a **variety of sensors** including **temperature, light, cliff edge, proximity** and **bumper sensors** which enables it to respond to the local environment.

1

2

3

4

5

**1 LOTI-BOT MAT – FEELINGS**

AV47553 USA

—  
An educational mat blending computing, geographical skills and PSHE to introduce children to coding and discussions on feelings and emotions.

**2 LOTI-BOT MAT – SCHOOL**

AV47557 USA

—  
Ideal for early programmers, this mat use the familiar topic of school, to introduce coding and combines both computing and geographical skills.

**3 LOTI-BOT MAT – CITIES AROUND THE WORLD**

AV46687 USA

—  
Ideal for early programmers, this mat blends computing and geography to introduce both coding concepts and landmarks from some of the major cities around the world.

**4 LOTI-BOT FAIRYTALE MAT**

AV46686 USA

—  
Ideal for early programmers, the Loti-Bot Fairytale Mat uses engaging fairytales to introduce coding.

**5 LOTI-BOT MAT - TREES**

AV47540 USA

—  
An educational mat blending computing and science which can be used to introduce coding and the topic of trees.

6

### 6 LOTI-BOT MAT – ANIMALS

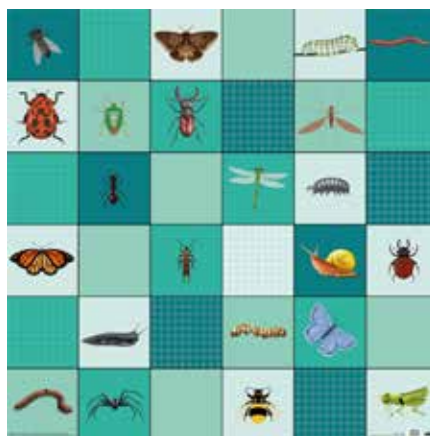

AV47547 USA

An educational mat blending computing, geography and science to introduce both coding and the topic of animals.

7

8

### 7 LOTI-BOT MAT - WOODLAND ANIMALS

AV47571 USA

An educational mat blending computing, geographical skills and science to introduce coding and the topic of woodland animals.

### 8 LOTI-BOT MAT - MINIBEASTS

AV47592 USA

An educational mat blending computing, geographical skills and science to introduce coding and the topic of minibeasts.

9

### 9 LOTI-BOT VIKINGS AND NORSE MYTHOLOGY MAT

AV46685 USA

An educational mat blending Computing, Geography, Literacy and History, centred on Viking and Norse mythology.

10

### 10 LOTI-BOT ANCIENT EGYPT MAT

AV46688 USA

An educational mat that integrates Computing, Literacy, and History to explore ancient Egypt.

1

### 1 TTS TACTILE READER PRO

AV47405 USA

—  
An engaging screen-free device for coding and computational thinking. Children can create sequences by placing the tiles in order, each representing a different command.

2

### 2 TTS TACTILE READER PRO - LOTI-BOT TILES PACK

AV47781 USA

—  
The Loti-Bot extension tile pack allows for a more advanced, screen free coding experience.

3

### 3 TTS TACTILE READER PRO - EXTENSION TILE PACK

AV47784 USA

—  
An extension pack of tiles for the Tactile Reader that adds a new dimension to programming.

4

### 4 TTS TACTILE READER PRO - STANDARD TILE PACK

AV47802 USA

—  
A set of standard movement tiles, compatible with the Tactile Reader.

**5 BIG BAG OF NUMERACY LOTI-BOT KIT**  
AV46691

The ideal way to integrate robotics teaching into your numeracy lessons. This handy kit contains all the lesson materials and key resources needed to deliver ten Maths lessons.

**7 OTI-BOT STEM CONSERVATION KIT**  
AV46690

A comprehensive set of 6 STEAM lessons and resources for covering a variety of conservation topics. Topics include food miles, animal adaptations, pollution, reforestation, habitats and waste management and recycling.

**6 LOTI-BOT STORAGE BAG**  
AV47541

A durable storage solution for four Loti-Bots and accessories. Designed for the educational setting, the bag is made from robust materials and features a secure zip closure. With internal protective padding the bag offers safe and secure storage so that Loti-Bots can be easily moved from one classroom to another.

**8 OTI-BOT STORAGE BAG**  
AV47452

A durable storage solution for holding two Oti-Bots, their charging leads and additional peripherals.

**1 TTS OTI-BOT**  
IT10287 USA

A STEAM robot designed with the future in mind, ideal for a range of learning environments. Oti-Bot, an innovative tool, revolutionizes computing education with features like programmable caterpillar tracks, a line follower, colour sensor, and the ability to record directly to internal storage. It supports hands-on programming and robotics learning, making it unique for documenting students' work. With interchangeable tummies, Oti-Bot delivers diverse STEAM lessons, from programming to drawing, highlighting the integration of technology in education.

## 2 OTI-BOT TUMMIES BUNDLE

AV45192

Easily adapt Oti-Bot to achieve different learning outcomes. Includes three tummy attachments for Oti: a forklift, basket, and pusher, each fostering varied interactive learning opportunities.

## 3 TTS OTI-BOT FORKLIFT ARMS

IT10293 USA

Enhance Oti-Bot with a programmable forklift extension, designed to boost interactive learning.

## 4 TTS OTI-BOT PUSHER

IT10420 USA

Quickly adapt Oti-Bot to achieve different learning outcomes.

## 5 TTS OTI-BOT PALLET

IT10421 USA

Additional pallets to be used in conjunction with the Oti-Bot Forklift Tummy.

## 6 TTS OTI-BOT BASKET

IT10422 USA

Enhance the Oti-Bot with a versatile basket, enabling item transport and role simulation.

## 1 EGGCELLENT MATHS

MT45295 USA

Ignite enthusiasm and inspire talk and collaboration in your classroom, as children get crackin' with the NEW Eggcellent Maths resource. They must race against the clock to solve the calculations and prevent the egg from hatching! SQWAAARK!

It not only makes learning and practising mental arithmetic fun and engaging, but when used collaboratively, it will be sure to encourage children to talk about their learning, discuss strategies, explore and verbalise ideas, and motivate each other to succeed.

# SCIENCE AND INVESTIGATION

## CONTENTS

Data Logging	224
Light & Observation	225
Light Panels	226-227
Microscopes	228-229
Observation	230-231

Children are naturally curious, filled with wonder about the world, and excited to learn its secrets. Introducing engaging science resources inspires children to discover and learn through hands on experiences and experiments as they observe, measure and discuss what they see. Children can make new discoveries, find out how things work, and become innovative thinkers. As they explore fascinating items through an Easi-Scope, discover the wonders of light with an Easi-Torch or search for metal with an Easi-Detector, children develop their curiosity, critical thinking and confidence in exploring the world around them.

Explore the TTS Distributor Hub for more information about many of our TTS Developed resources.

2

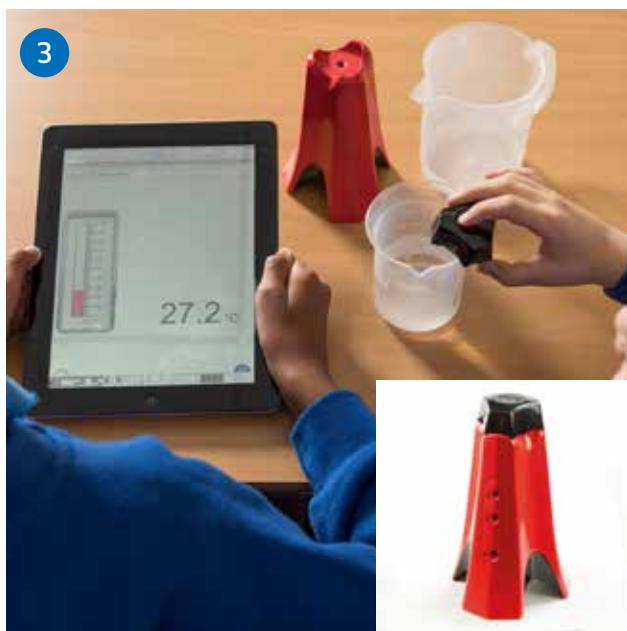

### 1 TTS LOG-BOX DATA LOGGER

SC10193

Easy-to-use data logger device featuring built in temperature, light and sound sensors and a pulse meter. All of the sensors are clearly labelled to avoid confusion and up to 3 external temperature probes can be connected for comparison exercises.

Recordings are easy to view in real time, via the large LCD screen or the logger can be connected via Bluetooth to an app, to view the data and operate remotely. The software allows children to choose how data is displayed in graph, bar chart or table formats.

3

### 2 TEMPERATURE PROBE

SC10205

Ideal for accurate temperature monitoring during science experiments, this temperature probe works with the TTS data logger.

### 3 BLUETOOTH DATA LOGGER

SC01000

Equipped with multiple sensors, including light, sound and temperature and an external temperature probe, ideal for compatible tablet use.

Suitable for age 5 years and up

# LEARNING THROUGH LIGHT

Explore the power of learning with light and glow resources

## Why is light so intertwined with learning?

Light has always been intertwined with discovery. It has led explorers across vast oceans, illuminated the pages of handwritten manuscripts, and revealed the mysteries of the universe through telescopes. And in a much simpler, yet equally profound way, light continues to shape how children learn today.

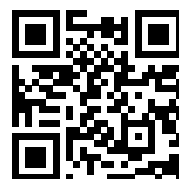

The Learning through Light book has been created to help every teacher and practitioner embed light into their classroom or setting, in a practical, affordable way.

The book includes:

-  Articles from globally recognised industry experts on key educational themes.
-  Over 25 practical activities showcasing Glow in Action.
-  Top tips and advice across 6 areas of learning

# THE LEARNING ATLAS

## Learning from around the world

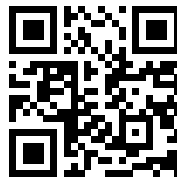

Our Learning Atlases are a celebration of teaching and learning – featuring inspiring articles from teachers and education experts around the world who share their stories, challenges and successes. Each issue invites you to explore new perspectives, discover creative approaches and connect with a global community of passionate educators. You can now read all three editions, each offering valuable insight and inspiration into our resources.

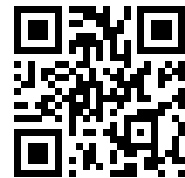

Lighting Up
